VOLUME FIFTH.

The Fifth Volume of the AMERICAN DEVON HERD BOOK, published in July 1879, contains the pedigrees of 273 bulls and 552 cows, or 825 in all, with several additions by half numbers after the work was in press, carrying the number up to 1375 bulls and 2678 cows. It will be sent by mail post paid on the receipt of $2.00. The first and second volumes, $4.00, bound together; third and fourth volumes $3.00 each, or $12.00 for the five volumes.

Davy's first and second volumes of the English Devon Herd Book—published in 1851 and 1853, and re-published in this country in 1855 by Col. L. G. Morris and Sanford Howard,—bound in one $4.00. The foundation of all the Devon Herds in America are recorded in these volumes. The whole set of seven volumes will be furnished for $15.00.

By request the fifth volume contains the photograph of the Editor, H. M. Sessions, Hampden, Mass., and a fine steel engraving of Ex-Lieut. Gov. E. H. Hyde of Stafford, Ct., one of the oldest and most extensive breeders of Devons in the United States; also several cuts of noted animals from the herd of Col. L. F. Ross of Avon, Ill., and others.

The sixth volume will be published as soon as a sufficient number of pedigrees are received to warrant it, one thousand at least. All authentic pedigrees, written out in the form of the fifth volume and sent to the editor at any time with the fee of fifty cents each pedigree sent, will be preserved for record in the sixth volume, and a certificate of entry for record returned to the owner.

Frank Brown of Sykesville, Md., who inherits the Patterson herd, through his father S. T. C. Brown; has rented the Patterson Estate, and has imported from the Queen of England's herd at Windsor Castle, the bull Prince Leopold 2d, 1311. The only importation into this country since the publication of the fourth volume.

The Editor can furnish parties with Devons of various ages, from his own herd, or obtain them from other breeders.
Yours Very Truly
